

## PLAN VIEW

## GENERAL NOTES

All dimensions from floor are +/- 1/2" (13mm) due to adjustable feet. This drawing may not be copied, reproduced or distributed in any printed, electronic or machine-readable format without the advance written permission of Meiko. This drawing is for information only and may not be used for competitive purposes. All rights reserved.

## UTILITY NOTES

All aspects of the machine installation, including all utility connections, must comply with all applicable local and national codes. In most cases, actual utility connections may only be executed by a certified professional (electrician, plumber, etc.). All locations shown on this drawing represent actual utility connection locations and do not take into account local conditions. Connections inside the machine may require the installer to extend supply lines, use appropriate strain relief devices, etc. All utilities must be properly sized and installed in accordance with applicable codes during operation. All aspects of the installation must be protected against freezing temperatures.
